PROCEDURE FOR DISCLOSURE OF CRIME STATISTICS

Crime Statistics

The Office of the Director is responsible for collecting all crime reports from campus personnel, students, other persons and local law enforcement agencies surrounding our main campus for inclusion in this annual security report. A formal police report or investigation is not necessary for a reported crime to be included in the crime statistics section of the Report. All crimes reported in any calendar year will be included in the crime statistics included in the Report for that calendar year, regardless of the calendar year in which the crime occurred.

The crime statistics included in the Report are obtained from reports of crimes occurring for three discrete categories: campus, non-campus buildings or property, and public property.

Campus means any building or property owned or controlled by a school within the same reasonably contiguous geographic area used by the school in direct support of or in a manner related to its educational purposes or property within the same reasonably contiguous area that is owned by the school but controlled by another person, frequently used by students, and supports the school's purposes. Our campus includes the facilities located at

Main Campus 3271 NW 7th Street Ste 106 Miami, FL 33125

Hialeah Campus 500 West 49 Street Hialeah FL 33012

Public Property means all public property including thoroughfares, streets, sidewalks, and parking facilities that is within the same campus or immediately adjacent to and accessible from the campus. This does not include, for example, highways that are adjacent to the campus, but that are separated from the campus by a fence or other man-made barrier.

Statistics concerning the number of arrests for on-campus crimes of criminal homicide [including (1) murder and non-negligent manslaughter; (2) negligent manslaughter], sex offenses, including: forcible and non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, violations of liquor laws, drug abuse, weapons possession, hate crimes and all other crime categories as outlined by the Clery Act that occurred during the calendar years 2016,2017,2018 are listed at the end of this report.

Notice the statistics are presented for both the Miami and Hialeah campus uses separately.

Note:

Nouvelle Institute Main Campus Miami does not have dormitories or other residential facilities for students on campus or any non-campus buildings or property

Reporting Criminal Activities and Emergencies

All individuals are encouraged and requested to report immediately any known criminal offense or other emergency occurring on campus to the School Administration Office at **305-643-3360(Miami Campus)** or **305-557-3017(Hialeah Campus)**, dial 9-1-1(in case of an emergency). For non-emergency situations, you may opt to report the offense on the designated form (Form #202-Incident Record). The form may be requested in the school's Reception Desk.

All individuals are also encouraged to promptly report all crimes to the appropriate law enforcement agencies. The campus administrator will report all known criminal offenses (if not previously reported) to local law enforcement authorities upon receiving the report or upon obtaining knowledge of any criminal offense. Because police reports are public records under state law, Nouvelle Institute Main Campus Miami does not allow voluntary, confidential reporting of criminal incidents and the school will not

hold reports of crime in confidence.

In case of emergency students should dial 911 and then report the crime to the campus director. In cases of non-emergencies students should report all crimes to the campus director.

The campus director will call the appropriate emergency response personnel and report the crime to the students and employees of the institution as appropriate. The campus director keeps a log of all crimes reported.

We encourage students and employees to report crimes promptly. Crimes can be reported confidentially. While on campus or in your daily lives we encourage our students

to be vigilant of their surroundings and be responsible for their own security and the security of others.

Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action within the School System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the School can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes' statistics for the institution.

Crimes Reported to Pastoral Counselors and Professional Counselors

The school does not have any policies or procedures that encourage "Pastoral Counselors" and "Professional Counselors" to, at their discretion, inform those they counsel of procedures for reporting crimes voluntarily and confidentially for inclusion in the institution's annual security report and Web-based report to Education Department.

TIMELY NOTIFICATIONS OF INCIDENTS

In the event that a situation arises, either on or off campus, that, in the judgment of the Office of the Director, constitutes an ongoing or continuing threat to students and/or employees, a campus wide "timely warning" will be issued. The warning will be issued through printed flyers describing the incident (hand delivered in all classrooms) and posted in all campus bulletin boards. Distributed information includes the nature of the crime, date and time, location, description of parties involved, and any additional details that would benefit members of the community. Also included, is information about the process to be followed for anyone having additional information regarding the incident, and precautions individuals can take to reduce the risk of becoming a victim.

Preparing the Annual Crime Report

Annually the campus director will accumulate all crimes reported to their office and along with crime reported to the police for the school area and the immediate area surrounding the school where students visit, will accumulate crime statistics and report annually, no later than October 1, to the U.S. DOE.

Access to the Campus

The campus is open from 9 a.m. to 10 p.m. Monday through Thursday and Friday 9:00 am to 4:30 p.m. Is private property and is maintained for the use of the students. Only authorized

individuals are allowed on campus. The school reserves the right to ask anyone to vacate the premises at any time.

Law Enforcement Authority

Local law enforcement has full authority to take any actions on our campus it deems reasonable.

The School does not employ campus security officials. The security of the campus is the direct responsibility of each employee and the campus administrator. School officials have the authority to ask persons for identification and to determine whether individuals have a lawful business at Nouvelle Institute Main Campus Miami. School personnel have no relationship with any state or local law enforcement agency and have no authority to arrest anyone.

Programs to Prevent Crimes

To help prevent crimes **Nouvelle Institute Main Campus Miami** advises all incoming students, and new employees of its crime policy by providing them with a crime report including policies. The report includes information regarding reporting and preventing crime. For your own security, we suggest you take certain actions to help prevent crime including:

- Lock your doors
- Do not drink or do illegal drugs
- Do not leave personal belonging in plain site
- Never walk in the parking lot alone
- Be aware of your surroundings
- Once a year 2 hours with an official police department educate our students and employee to prevent crimes

Nouvelle Institute Main Campus Miami prohibits the crime of dating, violence, domestic violence, sexual assault and stalking, as they are defined for purposes of the Clery Act.

Violence Against Women – Definitions of:

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-4). The HEA defines the new crime categories of domestic violence, dating violence, and stalking in accordance with section 40002(a) of the Violence Against Women Act of 1994 as follows:

1. **“Domestic violence”** means a “felony or misdemeanor crime of violence committed by—
 - A current or former spouse or intimate partner of the victim,
 - A person with whom the victim shares a child in common,
 - A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
 - A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under the VAWA],
 - Any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction”

2. **“Dating violence”** means “violence committed by a person –
 - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - The length of the relationship;
 - The type of the relationship; and
 - The frequency of interactions between the person involved in the relationship.”

3. **“Stalking”** means “engaging in a course of conduct directed at a specific person that would cause a reasonable person to –
 - Fear for his or her safety or the safety of others; or
 - Suffer substantial emotional distress.”

The definition of **“Consent”** in reference to sexual activity:

“A clear and unambiguous agreement, expressed outwardly through mutually understandable words or actions, to engage in a particular activity.”

Consent should not be assumed

Each of us is responsible for making sure we have consent in every sexual situation. If you are unsure, it is important to clarify what your partner feels about the sexual situation before initiating or continuing the sexual activity. Consent should not simply be assumed by:

- **Body language, Appearance, or Non-Verbal Communication:** One should never assume by the way a person dresses, smiles, looks or acts, that they to have sex with you.

- **Dating relationships or previous sexual activity:** Simply because two or more people are dating or have had sex in the past does not mean that they are consenting to have sex with you.
- **Marriage:** Even in marriage, a person should not assume they have consent for sexual activity. Marital rape is as serious as any other sexual assault.
- **Previous Activity:** Consent to engage in one sexual activity at one time is not consented to engage in a different sexual activity or to engage in the same sexual activity on a later occasion.
- **Silence, Passivity, Lack of Resistance, or immobility:** A person's silence should not be considered consent. A person who does not respond to attempts to engage in sexual activity, even if they do not verbally say no or resist physically, is not clearly agreeing to sexual activity.
- **Incapacitation:** Alcohol consumption or use of other drugs can render a person incapable of giving consent. Alcohol is often used as a weapon to target individuals and is used by perpetrators to excuse their own actions.

Nouvelle Institute Main Campus Miami determines the appropriate strategies to include in our training (every six month) based on the needs of our community. Information about risk reduction are presented in a manner that encourages victim blaming.

Bystander intervention is defined as safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes

- *recognizing situations of potential harm;*
- *understanding institutional structures and cultural conditions that facilitate violence (this might include fraternity or sports cultures at some institutions);*
- *overcoming barriers to intervening;*
- *identifying safe and effective intervention options; and*
- *taking action to intervene.*

Risk reduction is defined as options designed

- *to decrease perpetration and bystander inaction*
- *increase empowerment for victims in order to promote safety*
- *help individuals and communities address conditions that facilitate violence.*

The following is a description of policies, rules and programs designed to inform students and employees about the prevention of crimes on campus.

- Do not leave personal property in classrooms
- Report to your institutional official, any suspicious persons.
- Always try to walk in groups outside the school premises.
- If you are waiting for a ride, wait within sight of other people
- Employees (staff and faculty) will close and lock all doors, windows and blinds and turn off lights when leaving a room.
- The “*Crime Awareness and Campus Security Act*” is available upon request to students, employees (staff and faculty) and prospective students.
- Sexual assaults (criminal offences) on campus will be reported immediately to the institution’s official, who will report it to (911) emergency and police units. The person who was victimized will be encouraged to seek counseling at a rape crisis center and to maintain all physical evidence until such a time as that person can be properly transported to a hospital or rape crisis center for proper treatment. This institution has zero tolerance of such assault; the violation of this policy by

EMERGENCY RESPONSE AND EVACUATION DRILLS

Nouvelle Institute Main Campus Miami conducts a **test** of the emergency response an evacuation procedure at least once a year. **The test** is unannounced to the students and takes place at a time when most of the students, faculty and staff are expected to be present on campus. An emergency response log is maintained in the Director’s Office and includes the date, time and whether the Drill was announced or unannounced.

Evacuation in Cases of Emergency

Nouvelle Institute Main Campus Miami will without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Nouvelle Institute Main Campus Miami maintains evacuation routes at each office and classroom on campus. In case of an emergency, a school official will make an announcement requiring the evacuation of all personnel from campus. In the event of an evacuation students and employees should pick up their personal belongings (keys and purses) and make their way off of campus into the parking lot immediately. More guidance will be provided in the parking lot of the campus.

Emergency on Campus

In the event of an emergency on or near campus where an evacuation is not possible, a school official (Directors) will make an announcement and provide instructions. Students and personnel should close the door of the classroom and wait for further instructions from school personnel or law enforcement.

Emergency notification is necessary

Under the *Clergy Act*, **Nouvelle Institute Main Campus Miami** immediately notify the campus community upon **confirmation** (Confirmation means that an institution official (or officials) has verified that a legitimate emergency or dangerous situation exists.) of a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees. An “**immediate**” **threat** as used here includes an imminent or impending threat, such as an approaching forest fire, or a fire currently raging in one of your buildings. Some other examples of significant emergencies or dangerous situations are:

- outbreak of meningitis, norovirus or other serious illness;
- approaching tornado, hurricane or other extreme weather conditions;
- earthquake;
- gas leak;
- terrorist incident;
- armed intruder;
- bomb threat;
- civil unrest or rioting;
- explosion; and
- nearby chemical or hazardous waste spill;

Sexual Assault Policy

Nouvelle Institute Main Campus Miami has a **zero-tolerance** policy regarding sexual assaults. The FBI's National Incident-Based Reporting System (NIBRS) edition of the UCR defines a sex offense as any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent. Any student or employee engaging in a sexual assault will be immediately removed from campus. The incident will also be reported to law enforcement.

For sexual assaults that occur on campus or involve one of our students report a sexual assault (which can be done confidentially) call 911 immediately. After 911 contact the school director and report the crime. It is important to always preserve evidence for the proof of a criminal offense.

The Police Department offers sexual assault education and information programs to upon request. A victim of sexual assault should immediately go to a hospital for medical evaluation and or mental health counseling.

Upon a report of sexual assault, **Nouvelle Institute Main Campus Miami** will obtain a statement from the accused and accuser and if applicable

1. Provide the same opportunity to both the accused and accuser and/or their representative to be present during any disciplinary proceeding

2. Inform both the accuser and accused of the outcome of any institutional disciplinary proceeding brought alleging a sex offense.
3. Each party is entitled to be accompanied by an advisor of their choice and must spell out the restrictions that will apply to the advisor's participation and that such limitations will apply to all such advisors.
4. The accuser and the accused will receive simultaneous notification in writing, that provides the result of the disciplinary proceeding, appeal procedures, information about any charges to the result, and notification of when the results become final.
5. Impose sanctions following a final determination of an institutional proceeding regarding rape, acquaintance rape, or other forcible or non-forcible sex offenses.

Information concerning registered sex offenders can be found at the Florida Department of Law Enforcement. In addition, recent postings are printed from the agency and placed on bulletin board.

Nouvelle Institute Main Campus Miami has a zero-tolerance policy regarding the sale, use and possession of drugs and alcohol on its campus. In addition, **Nouvelle Institute Main Campus Miami** has an illegal drug testing program whereby students can be tested with or without notice at any time. See our drug testing policy and our drug and alcohol policy and biennial review of our policy.
